

YOU'RE INVITED — neighbourhood assembly (host fill-in template)

The HOST fills the blanks and gives this invitation in their own name — we supply the kit, never the convening; that's the standing rule. Print half-page, two per sheet. English version; the Bengali twin goes through BCS's language guidance before anything prints for Bangla Town.

Neighbours are meeting — come say what this area needs

What: a neighbourhood assembly — neighbours from right here, talking about one question:

"What do neighbours in Beaches–East York need — and what can we do for each other in the next year?"

Not a town hall, not a debate, nobody's campaign event. Everyone speaks, someone writes it down, and what's agreed gets published — and acted on by whoever raised their hand to act.

When: _____ **Where:** _____ (step-free access: yes ☐ no ☐ — say so either way)

Hosted by: _____ — a neighbour, in their own name. Kids welcome ☐ · food shared ☐ · language help available: _____

Bring: nothing. Yourself. A neighbour who wouldn't have heard about this.

Can't make it? The same question runs all year — mutual-aid form at the market booth (East Lynn Park, Thursdays 3–7), or unitetolove.ca/now.

Small print, printed honestly: volunteer-run and non-partisan — no party, no candidate, no donations, nothing for sale. Every candidate in the by-election was offered the same materials equally; none convenes this room. Host kit (agenda, facilitation, note-taking): KIT_CITIZENS_ASSEMBLY_IN_A_BOX via unitetolove.ca/kits — printed by neighbours, not a party.
