

NEIGHBOURS HELPING NEIGHBOURS — paper form (BEY Mutual Aid Networks)

The paper lane of the one form: Ask -> Match -> Done. Print a stack for every booth and canvass shift. Completed forms are sensitive — hand to the shift captain -> the match steward (secure channel), stored offline; never photographed into chats. Our data-care rules govern: never shared, never sold, never published; torn up on request. This form is never a public dataset.

Read aloud or point to this first: "This is neighbours helping neighbours — volunteer-run, non-partisan, no money, no memberships, no eligibility tests. Fill in as much or as little as you want. We only contact you the way you pick, and you can ask us to tear this up any time: unitetolove@gmail.com."

Health, immigration, legal status: not asked, and if volunteered, not written here — spoken handoff to the Signal lane only. Urgent safety -> 911; services today -> 211. Non-partisan always: this form never travels with any candidate material other than the neutral how-to-vote card.
